

Dear Sir, In yesterday's (Oct. 11,2004) "New York Times"an article titled "Broadcast Group to Pre-empt Programs for Anti-Kerry Film", stated that the 62 television stations owned by the Sinclair Broadcasting Group would show "Stolen Honor". A film that it calls a documentary but in truth is a commerical containing unsubstatiated charges against Senator Kerry. Since this film would violate the fairness rules, I do hope you will prevent the airing of this film. Since this film is a partisan political message, if it is aired, I do hope you will require the stations to give Senator Kerry equal air time.
